

DAN BRIGGS

REGIONAL FIELD EXECUTIVE

EDUCATION

SUNY College of
Environmental Science and
Forestry
Bachelor of Science,
Construction Management

CF EVANS TENURE

2017-Present

As an extension of our Director of Field Operations, Dan provides regional leadership for our field organization while partnering closely with our Regional Project Executives to ensure alignment between field execution and project management. Together, they serve as a unified leadership team focused on supporting our people, strengthening project execution, and enhancing the client experience. Dan also serves as a key resource to our project teams. Dan mentors and develops Superintendents, promotes best practices, champions safety and quality, assists with proactive planning and risk mitigation, and helps remove obstacles so our teams can perform at their highest level. His leadership supports projects from early planning through owner acceptance, ensuring every team has the resources and guidance needed to succeed. By supporting our field leaders and partnering with our Operations leadership team, Dan helps drive continuous improvement throughout the organization.
