CF EVANS TENURE

1998-Present

John Barr's 25-year project experience spans every market CF Evans serves. Before being promoted to Executive Vice President of Corporate Development, he served as Project Manager, Operations Manager, and General Manager, and has been integrally involved in the company's growth over the past decade

On Your Project, John:

- Leads Information Technology, Construction Technology, Safety, and Contract Administration
- Drives the systems and standards that keep execution consistent across every project
- Fosters collaboration across departments so project teams operate as one
- Backs each project with company-wide resources and 25 years of project experience

Market Experience | 12,000+ Units
