CF EVANS TENURE

2023-Present

As Safety Manager, Reed is responsible for the implementation of all project safety related processes, policies, and training in order to eliminate losses due to accidents and injuries. Reed places a major emphasis on employee and subcontractor pre-task planning, training, and compliance with OSHA standards. Through frequent jobsite inspections he insures conformance to site specific plans and immediate corrective action where hazards are present or may appear.

Previous Experience:

- Right Of Way Manager – Dominion Energy
- Consulting Forester – Dwight Stewart & Associates

Project Examples:

- Evado @ Nexton- Charleston, SC | 309 Units
- Founders Yard- Charleston, SC | 341 Units
- Nexton 1- Charleston, SC | 331 Units
- Point Hope II - Charleston, SC | 2227 Units
