Your Business Manager for the Project

As Project Manager, Quin manages the owner relationship and keeps ownership informed on progress, costs, and key decisions. He leads subcontractor procurement, manages changes to scope and contracts, and tracks the budget to keep costs aligned with expectations, while managing the project schedule. With 9 years across multifamily and senior-living construction, Quin is known for keeping projects organized, watching the details that affect schedule, cost, and turnover, and looking out for the owner's best interests.

On Your Project, Quin:

- Manages the owner relationship and keeps ownership informed on cost and decisions
- Leads subcontractor procurement and manages scope and contract changes
- Tracks the budget to keep costs aligned with expectations
- Watches the details that affect schedule, cost, and turnover

Project Examples:

- Ellison at The Preserve – Asheville, NC | 315 Units
- Evado at Taproot – Asheville, NC | 270 Units

***My Promise:** "You should always know where your project stands, and when we see an issue coming, you will hear it from us early."*
