Construction Science

CF EVANS TENURE

2015-Present

CF EVANS CONSTRUCTION

Your Project Executive

As Project Executive, Drew is accountable for the overall success of the project and the performance of the team delivering it, staying connected to client expectations, project financials, schedule, and risk. Having come up through CF Evans as Assistant Superintendent, Assistant Project Manager, Project Manager, and Senior Project Manager, Drew brings a full command of every stage he now oversees, and gives clients an executive-level partner who knows their project and is accountable for delivering on our commitments.

On Your Project, Drew:

- Provides executive direction and accountability across the project team
- Stays connected to client expectations, financials, schedule, and risk
- Maintains close client contact and manages owner expectations
- Draws on field and project management experience at every level

Project Examples:

- The Standard – Charleston, SC | 280 Units
- Woven – Greenville, SC | 214 Units
- Carnes Crossroads 3 – Summerville, SC | 290 Units
- Wharf 7 – Charleston, SC | 312 Units

My Promise: *"I will stay engaged, communicate directly, and help our team solve issues before they become surprises."*
